## NEW PLAN PROPOSED FOR ANNUAL OUTING

Close Stores for Half Day Only is Idea Advanced

### COMMITTEE AT WORK

Report to be Made at Next Meeting of Business Men's Association

Although there is a committee working on the matter no definite plans have been reached in regard to the annual picnic of the Charleroi Business Men's Association. It has been suggested and the suggestion is meeting with some favor that the picnic be an event of some afternoon and evening instead of a continuous affair the whole day through. At the next meeting of the Business Men's Association the committee is expected to make its report and a date for the event set.

The suggestion is that the business houses keep open the morning of the picnic day. At noon every business house would close its doors. That would give the merchants and business men and their employees plenty of opportunity to enjoy the outing, and at the same time make it so they wouldn't lose the entire day.

Annually Duquesne holds a picnic at Kennywood park. For the last 10 years the people of that down river town have been congregating there. Like Charleroi they found some time ago that an all day picnic was not usually the most successful affair in the world and they adopted the half day outing scheme. It worked fine.

No place for holding the local picnic has been decided upon as yet, but there is a general belief that it will be Eldora Park. Idlewild Park and Shady Grove Park, near Uniontown were mentioned as possibilities, but it is not believed enough could be secured for a special train to either place, and without a special train the cost would be heavy and the accommodations not the most satisfactory. The half day closing scheme that has been proposed would make Eldora park the most feasible location for a picnic.

The committee to arrange the local picnic consists of J. W. Stech, Lance Riggs and E. W. Hastings

## PAGE OUTING ON SATURDAY

The annual outing of the Page Athletic association affiliated with the Page Woven Wire and Fence company at Monessen will take its annual outing tomorrow. The steamer "Morning Swan" has been secured for two jaunts which will be made down the river to Lock No. 1. The first trip will be made during the day and the second during the evening.

## ANXIOUSLY AWAIT ARRIVAL OF DORA

Officials Over at Washington Said to Want Her to Appear--Monongahela Valley Woman Would Rather Forfeit Her Bond

Though District Attorney Richard G. Miller is said to have this week been very anxious for Dora Gilmore, one of the women caught in the raid of last Tuesday night to appear before the Washington county court, Dora will hardly report. It may cost her the munificent sum of \$150 and her much beloved Monongahela valley residence not to appear, but money to Dora is said to be like so much water. And as to residence--well, there are other good locations.

On Wednesday night when a hearing in the two local raid cases was held at North Charleroi, Dora was the only one so far as is known who did not appear for a hearing. It seems she departed from town just a short time before the time set for the hearing, but not until she had reached an understanding with her bondsman. She was under \$300 bond for her appearance. Before she left she is said to have told her bondsman, a Greek, to not worry over the money that she would fix that

all right. Then Dora clamored onto a street car, it is stated, lugging her valises and departed for Ohio. The Monongahela valley lately has become too warm a place for one of her alleged habits and notoriety.

Somebody has the \$300 bond in their possession, but there is said to be a possibility it will not all be forfeited. Perhaps half will have to be paid. It is stated, but why not the other half only there on the inside knew. County Detective McCleary has not been in Charleroi since the hearing, but it is not supposed he knows anything more about the bond than he did about getting the Maple Creek folks before the court.

It is expected that some arrangement will be made with the district attorney for the bond being satisfied, the necessary money turned over, and the bondsman of Dora will likely send his bill to her in Ohio, when she will pay or not as she pleases and the affair will be closed. That is all there seems to be to it.

## BRIGADE WILL HAVE A GOOD PLACE TO CAMP

The headquarters of the Pennsylvania division, United Boys Brigade of America have notified the local company that the deal for the site of a permanent camp has been closed. They have secured eleven and eight-tenths acres of level land in the Conoquenessing valley. The site has a thousand feet of water front and may be reached entirely by trolley from Charleroi. The first improvements will be the athletic field, cook house, band stand and bathhouses. It is an ideal place for bathing, fishing and canoeing. Much of the work will be done this year and when completed will be one of the best camps in the state.

This is of particular interest to many here, as the Washington Avenue Company E, is a member of the U. B. A., and will have free use of all the facilities of the camp.

## BELTZHOVER TO PLAY HERE ON SATURDAY

A game that should prove an attraction of unusual merit is scheduled to be played here Saturday afternoon at 3:30 o'clock. At this time Beltzhoover of the A. & W. county league will appear to meet the Charleroi Independents. That the game will be one of the best of the season is assured by the records both the Beltzhoovers and the Charleroi Independents have made.

Beltzhoover will have to do the twirling one Lickenbaugh who is said to possess all kinds of records of games won. Smith will catch for the dutch lads.

On the firing line for Charleroi will be either Dan Ryan or Alex Sutherland. Courtney will do the catching. The lineup will be practically the same as usual.

See the show at the Star today. It is fine. 283-15

## H. B. RICHARDSON, CONSUL TO SERBIA VISITING FATHER

Harry Bentley Richardson, Mrs. Richardson and baby daughter Jean Louise, arrived at Bentleyville Tuesday morning, from Belgrade, Serbia, where Mr. Richardson had been serving as vice consul for the United States for several months. Mr. Richardson was former vice consul in Liverpool, England, and has been abroad about a year. He thoroughly enjoyed the consular work and had a most interesting and enjoyable trip home, many of the larger and older cities of Europe being visited. The Richardson family is spending some time at the home of Mr. Richardson's father, Winfield F. Richardson at Bentleyville.

## TEACHERS CHOSEN AT ELLSWORTH

The Ellsworth school board met for the purpose of electing teachers for the ensuing year, as follows:

High School Department--D. F. Enoch, principal of schools; Miss Emily M. Thompson, Miss Florence K. Keys, Mr. Joseph W. Stewart. Grades--Miss Ella K. Hawkins, fourth grade; Miss Olive Holiday, third grade; Esther Osler, second and third grades; Martha Shank; second grade; Ada Young, first grade.

Special Teachers--Edith McComb, kindergartner and playgrounds director; Margaret Mooney, Domestic science.

The probability is that an industrial department will be established in connection with the schools as well as a course of agriculture and gardening with co-operative work upon the Ellsworth farms.

The establishment of the six year high school course with a unit basis for graduation will be one of the innovations of the present year. Departmental work is thus made possible. The mid-term promotion

## UTILITIES MEASURE IS PASSED IN HOUSE

### Trolley Line to be Opened

Fourth of July to See Service Instituted at Bentleyville by West Side Co.

The West Side Street railway is working a large force of men at Bentleyville to get the track in shape to commence running cars July 4. The first passenger car arrived several days ago, having been running a work train for some time getting their current from the West Penn Power company. By the Fourth cars will be running from Ellsboro to Fallowfield township near Newkirk church. The work on the grade between that point and Charleroi is being pushed as rapidly as possible so that a regular schedule from Ellsworth to Charleroi may be in effect by early spring.

## WILL BENEFIT BY EXAMPLE

Ellsworth Directors Make Visit to Pittsburg to See How School Work is Done

For the purpose of better acquainting themselves with the needs of their own communities as well as for familiarizing themselves with the work which is being done along industrial lines and playground operations, the Ellsworth and Cokeburg school directors spent Wednesday in Pittsburg. The party consisted of J. W. Hugus, Samuel Nixon, Richard Davis, John McNulty, W. H. Beck of Ellsworth, and Supt. W. H. Lahn, George Lindsay, William Renner and Stephen Dwyer of Cokeburg, together with Supt. E. E. Bach of the Ellsworth-Cokeburg schools.

By special arrangement with the director of industrial education, F. H. Ball of the Pittsburg schools, the gentlemen were taken to the North Industrial school, where the exhibit of last year was still held in tact and could be inspected. Director Ball called in the boys of the school Wednesday afternoon purposely in order that the visiting party might see them at work. Director Ball together with Principal Johnson of the North Industrial school personally conducted the visitors throughout all the departments of the work and were most courteous and thoughtful of their guests in every particular. While it is not the purpose of these school boards to incorporate everything which they had the pleasure of seeing yesterday yet they were convinced that several lines of operations could be very easily adapted to the local schools.

After the inspection of this school the party visited the playgrounds at Thirty-ninth and Butler streets and those located in the Lawrenceville district. The superintendents in charge of these playgrounds kindly escorted the party throughout the parks and explained the various forms of amusement.

Chances for Administration Bill Becoming Law Are Good

### SENATE RECEDES SOME

Backs Down From High and Mighty Position--Election Laws Safe

Harrisburg, June 27--With the passage of the public utilities bill by the house yesterday and similar action by the senate this morning, the public utilities bill will become a law, as it will be promptly signed by Governor Tener, who pledged the measure to the people during his campaign. The new law will be for the purpose of regulating the public utilities by a commission, and will be operative next January 1. It will take the place of the present railroad commission.

The state wide primary bill was also agreed upon by both the senate and the house. The senate receded from some of its arbitrary positions among which was an amendment to prevent fusion and the formation of new parties, and the law in that respect will remain the same as at present. By the new law, every candidate, from governor and United States senator down, will be nominated by a direct vote of the people. The non-partisan ballot bill will be amended so as to only include the judiciary, and party lines can prevail in the municipal and county elections the same as heretofore.

No apparent change has been made on the labor bills. If the woman's hour bill is passed, it will include operatives in canneries and laundries. The child labor bill is considered hopeless, as well as the women's compensation bill, much to the disappointment of organized labor.

With the decks being rapidly cleared, it is expected that the legislature will adjourn shortly after noon today and thus will end one of the most tumultuous sessions ever in the state.

## USE OF THE RECALL.

Up in Greene county they are pe-  
tioning Governor Tener to remove the  
three county commissioners. Grave  
charges have been made against these  
officials, and the investigation by the  
grand jury has resulted in that body  
asking for the resignation of the three  
commissioners. Thus far they have  
not complied with the request, and  
the governor has been besought to re-  
move them.

This condition again emphasizes  
the necessity of the recall. The  
people have the power to elect an of-  
ficial to transact their public affairs,  
but they have no power to remove him,  
no matter how derelict the official  
may be in his duties. Presumably  
the official is an employee, but he  
cannot be discharged if he fails to  
make good and proves inefficient.  
This same policy applied to private  
business enterprises would wreck the  
most prosperous of them, just as it  
has wrecked the efficiency of the pub-  
lic service besides costing the tax-  
payers untold millions in useless and  
extravagant expenditures. Had the  
recall been in effect some of the leg-  
islators at Harrisburg would not  
have been so active in thwarting the  
will of the people as they were this  
session.

In our neighboring counties of Fay-  
ette and Greene cases have occurred  
recently where the recall should be  
invoked, yet the people are helpless  
to remedy bad conditions which are  
now being aired, and which tedious  
and expensive processes are more  
likely to come to naught than to  
provide redress.

The public should have the right  
to discharge a delinquent servant the  
same as a private individual. The  
abridgement of this right is getting  
to be too expensive a proposition for  
the people to continue to endure.

have not gradually consented to  
give the people a state wide primary  
bill will be welcomed news to those  
who are interested in good government.  
By the provisions of this bill the peo-  
ple will be permitted to pass upon the  
nominations of all state officials from  
governor down, and they may even  
vote their preference for candidates  
for the presidency. That is, if the  
bill as now agreed upon finally passes  
and receives the governor's signa-  
ture.

This measure if it becomes a law,  
will materially aid in the attainment  
of better and more direct government  
at the hands of the people. While  
there were other contemporary meas-  
ures designed to materially aid in  
the movement for more direct gov-  
ernment by those who are governed,  
and for safeguarding the ballot, which  
the people had a right to have, the  
political interests that have long con-  
trolled the destinies of the state by  
the aid of the restriction against di-  
rect rule have succeeded in holding  
off the much desired reforms. It  
will not be for long, however. The  
movement for direct government is  
on in earnest, and it will be irresist-  
ible. The people are bound to rule in  
the end.

## PICKED UP IN PASSING

"If there is no financial or indus-  
trial depression during the next year  
and I see no reason why there should  
be," remarked a prominent contrac-  
tor of the valley recently, "you'll see  
one of the biggest shortages in la-  
borers that this country ever witness-  
ed. At least that is the way I dope it  
out. The principal reason for this  
shortage will be on account of the  
great demand for labor in the Euro-  
pean countries, which will not only  
keep down immigration to this coun-  
try, but will take thousands and thou-  
sands back to their native land."

"In the first place there is the an-  
nexation of Tripoli by Italy, which  
will divert to a large extent the em-  
igration of the latter country. With  
the administration of a better gov-  
ernment in Tripoli by Italy big de-  
velopments are bound to follow, and  
that country will present opportuni-  
ties to Italian immigrants which will  
be eagerly accepted. Tripoli is not so  
far away as this country and the em-  
igrant can go and come more readily  
and with less expense. Already many  
of our best Italians are leaving this  
country to go to Tripoli and thou-  
sands who would otherwise come  
here will be diverted to this new land  
of promise.

"By next year the Balkan war will  
probably be ended, and that section  
will also present new possibilities for  
development which will keep the la-  
borers at home who would otherwise  
come to this country. The ravages of  
war must be repaired in all of the  
countries involved, and the men  
slain in battle and the sick and dis-  
abled will have to be replaced. This  
is no inconsiderable number. Then,  
too, the country that will be wrested  
from Turkey will be placed under a  
more stable government, and this  
will attract European capital. Rail-  
road building and other developments  
will be stimulated in the Turkish  
concessions and the Balkan states,  
which will give employment to thou-  
sands of laborers at home.

"These are some of the signs that  
point to a big shortage in labor here.  
In my judgment, a couple of years

will see this country laboring  
eagerly for the foreign laborer in-  
stead of reviling him."

One of the members of a downtown  
firm had been called away on busi-  
ness and had been absent longer  
than expected, and his return was the  
matter of some speculation with the  
office force.

"M. — is not coming back  
for a long time," said the steno-  
grapher. "He can't use those two  
fingers," she said, holding up the  
first two digits of her right hand in  
the same manner that a small boy  
makes the sign when he wants to go  
swimming.

"Why can't he use them?" asked  
one of the office force anxiously.  
"Because they're mine," replied  
the young lady demurely.

## Boys and Girls ATTENTION

Some of you have heard of the Pony Contest that is on at the present time and has been on for three weeks. Some of you got in on that contest at the start. Some of you felt that there would be no use trying to win such a pony as is offered. Some of you had not heard of it till you picked up this paper.

NOW FOR YOU ALL--To help those who did not start in at the beginning. To show that we appreciate the work done by those that did start, and to give a good substantial start to those who did not hear of it, NEXT SATURDAY MORNING BETWEEN 10 and 12 O'CLOCK AT THE MAIL OFFICE we will give each boy or girl who will agree to work on the Pony Contest ONE HUNDRED VOTES. Just come in and sign your name. Then get to work. Ask your uncle, aunt, mother, father, neighbors and friends to help you. It's going to be a great outfit, fine pony; just what you want, and a good buggy and harness.

When your friends buy ask them to buy and get tickets at the following places:

George S. Might, book store; Palace Theatre; George Wagner, ice cream; J. M. Fleming, plumbing; C. R. Newcomer, shoes; Pipers Pharmacy; Farmers Supply Co., harness and buggies; Frye Hardware Company; James Gelder, meat market; Eugene Fau, dry goods; S. L. Woodward, furniture; Greenberg Brothers, clothing; H. Porter, jewelry; M. Wein, tailor; Carl M. Wertz, printing.

## \$25.00 In Gold For A Name

The Moose Brewing Company, of Roscoe, is about to place on the market a new High Grade BOTTLE BEER, made from the choicest materials that can be obtained.

A name is wanted for this new product. They are offering a prize of \$25.00 in gold to the person who suggests a name for this new beer that will be acceptable to the company.

The contest will close on July 5th, 1913, and the name of the winner and the name selected will be published one week later.

## NEW PLAN PROPOSED FOR ANNUAL OUTING

Close Stores for Half Day Only is Idea Advanced

**COMMITTEE AT WORK**  
Report to be Made at Next Meeting of Business Men's Association

Although the committee working on the matter no definite plans have been reached in regard to the annual picnic of the Charleroi Business Men's Association. It has been suggested and the suggestion is meeting with some favor that the picnic be an event of some afternoon and evening instead of a continuous affair the whole day through. At the next meeting of the Business Men's Association the committee is expected to make its report and a date for the event set.

The suggestion is that the business houses keep open the morning of the picnic day. At noon every business house would close its doors. That would give the merchants and business men and their employees plenty of opportunity to enjoy the outing, and at the same time make it so they wouldn't lose the entire day.

Annually Duquesne holds a picnic at Kennywood park. For the last 10 years the people of that down river town have been congregating there. Like Charleroi they found some time ago that an all day picnic was not usually the most successful affair in the world and they adopted the half day outing scheme. It worked fine.

No place for holding the local picnic has been decided upon as yet, but the idea is a general belief that it will be Eldora Park, Idlewild Park and Shady Grove Park, near Uniontown were mentioned as possibilities, but it is not believed enough could be secured for a special train to either place, and without a special train the cost would be heavy and the accommodations not the most satisfactory. The half day closing scheme that has been proposed would make Eldora park the most feasible location for a picnic.

The committee to arrange the local picnic consists of J. W. Stech, Lance Riggs and E. W. Hastings.

## PAGE OUTING ON SATURDAY

The annual outing of the Page Athletic association affiliated with the Page Woven Wire and Fence company at Monessen will take its annual outing tomorrow. ## Girls Enjoy Long "Hike"

Members of Sunday School Class Take Walk—They Also Play Baseball Game

The Palatka class of girls of the Sunday school taught by Miss Mame Rockwell took a hike into the country Thursday and enjoyed a picnic. The first hike was to Rodgers school house. After a brief rest the party went from there to Cooper's Mill, and thence to Fallowfield school. The hike ended at Carson's grove where a picnic dinner was served. A feature of the afternoon was a ball game between two teams "Yale" and "Harvard." Yale won by the score of 14 to 12. Twenty-one girls were present and one visitor attended. Miss Gladys Yohe, of Monongahela.

## TO CELEBRATE ANNIVERSARY

Methodist Episcopal Church Arranging Special Program for Sunday

Next Sunday the sixth anniversary of the dedication of the Methodist Episcopal church will be celebrated. Rev. N. B. Brown, of Beaver college, Beaver, will be the preacher at both the morning and evening services.

The Methodist Episcopal church has had an interesting history. In the spring of the year 1890 the first sermon by a Methodist minister in Charleroi was preached by Rev. W. S. Cummings under an apple tree near the present site of the Methodist church. Steps were at once taken looking to the purchase of lots and the erection of a church.

About the first of October of the same year Rev. R. B. Mansell, D. D. succeeded Rev. W. S. Cummings as pastor of the Venetia charge and under his pastorate of one year the organization of church and Sunday school was completed and a church building erected on the lot now owned by the church on Sixth street. This building was dedicated on Sunday, July 26th, 1891.

Under the efficient leadership of Rev. A. E. Husted the present building was erected and dedicated June 30, 1907. Since the congregation has occupied the new building it has prospered wonderfully having one of the largest Sunday schools in the county.

Rev. Mr. Brown who is to preach Sunday is considered one of the leading ministers of the Methodist Episcopal church in western Pennsylvania. For the past nine years he has been secretary of the Pittsburgh conference. He is a preacher and lecturer of acknowledged eloquence and ability and the Methodists of Charleroi are looking forward to a rich treat on Sunday.

The choir, under August Bosson, the choister, will render appropriate music. The morning service will commence at 10:15 and the evening service at 7:45.

## ANXIOUSLY AWAIT ARRIVAL OF DORA

Officials Over at Washington Said to Want Her to Appear—Monongahela Valley Woman Would Rather Forfeit Her Bond

Though District Attorney Richard G. Miller is said to have this week been very anxious for Dora Gilmore, a woman arrested in the raid of last Tuesday night to appear before the Washington county court, Dora will hardly report. It may cost her the magnificent sum of \$150 and her much beloved Monongahela valley residence not to appear. Her money to Dora is said to be the so much wanted \$300 bond.

On Wednesday night when a hearing in the two local raid cases was held at North Charleroi, Dora was the only one so far as is known who did not appear for a hearing. It seems she departed from town just a short time before the time set for the hearing, but not until she had reached an understanding with her bondsmen. She was under \$300 bond for her appearance. Before she left she is said to have told her bondsmen, a Greek, to not worry over the money, that she would fix that all right. Then Dora clamored onto a street car, it is stated, leaving her valises and departed for Ohio. The

## BRIGADE WILL HAVE A GOOD PLACE TO CAMP

The headquarters of the Pennsylvania division, United Boys Brigade of America have notified the local company that the deal for the site of a permanent camp has been closed. They have secured eleven and eight-tenths acres of level land in the Conocoqueness valley. The site has a thousand feet of water front and may be reached entirely by trolley from Charleroi. The first improvements will be the athletic field, cook house, band stand and bathhouses. It is an ideal place for bathing, fishing and canoeing. Much of the work will be done this year and when completed will be one of the best camps in the state.

This is of particular interest to many here, as the Washington Avenue Company, a member of the U. B. A., and will have free use of all the facilities of the camp.

## BELTZHOVER TO PLAY HERE ON SATURDAY

A game that should prove an attraction of unusual merit is scheduled to be played here Saturday afternoon at 3:30 o'clock. At this time Beltzhoover of the A. & W. county league will appear to meet the Charleroi Independents. That the game will be one of the best of the season is assured by the records both the Beltzhoovers and the Charleroi Independents have made.

Beltzhoover will have to do the twirling one Lickenbaugh who is said to possess all kinds of records of games won. Smith will catch for the dutch lads.

On the firing line for Charleroi will be either Dan Ryan or Alex Sutherland. Courtney will do the catching. The lineup will be practically the same as usual.

See the show at the Star today. It is fine.

## H. B. RICHARDSON, CONSUL TO SERBIA VISITING FATHER

Harry Bentley Richardson, Miss Richardson and baby daughter Jean Louise, arrived at Bentleyville Tuesday morning, from Belgrade, Serbia, where Mr. Richardson had been serving as vice consul for the United States for several months. Mr. Richardson was former vice consul in Liverpool, England, and has been abroad about a year. He thoroughly enjoyed the consular work and had a most interesting and enjoyable trip home, many of the larger and older cities of Europe being visited. The Richardson family is spending some time at the home of Mr. Richardson's father, Winfield F. Richardson at Bentleyville.

## TEACHERS CHOSEN AT ELLSWORTH

The Ellsworth school board met for the purpose of electing teachers for the ensuing year, as follows: High School Department—D. F. Enoch, principal of schools; Miss Emily M. Thompson, Miss Florence R. Keys, Mr. Joseph W. Stewart. Grades—Miss Ella K. Hawkins, fourth grade; Miss Olive Holiday, third grade; Esther Osler, second and third grades; Martha Shank, second grade; Ada Young, first grade. Special Teachers—Edith McComb, kindergarten and playgrounds director; Margaret Mooney, Domestic science.

The probability is that an industrial department will be established in connection with the schools as well as a course of agriculture and gardening with co-operative work upon the Ellsworth farms.

The establishment of the six year high school course with a unit basis for graduation will be one of the innovations of the present year. Departmental work is thus made possible. The mid-term promotion

Fourth of July to See Service Instituted at Bentleyville by West Side Co.

The West Side Street Railway, which will have a force of men at Bentleyville to get the cars in shape to commence running July 4. The first passenger car arrived several days ago, having been running a work train for some time setting the cement for the West Side Power company. The fourth car is being sent from Ellettsville to Fallowfield to work near Newkirk. The work on the grade between that point and Charleroi is being pushed as rapidly as possible so that a regular schedule from Ellettsville to Charleroi may be in effect by early spring.

## WILL BENEFIT BY EXAMPLE

Ellsworth Directors Make Visit to Pittsburg to See How School Work is Done

For the purpose of better acquainting themselves with the needs of their own communities as well as for familiarizing themselves with the work which is being done along industrial lines and playground operations, the Ellsworth and Cokeburg school directors spent Wednesday in Pittsburg. The party consisted of J. W. Hugus, Samuel Nixon, Richard Davis, John McNulty, W. H. Beck of Ellsworth, and Supt. W. H. Larm, George Lindvall, William Renner and Stephen Davis of Cokeburg, together with Supt. E. E. Bach of the Ellsworth-Cokeburg schools.

By special arrangement with the director of industrial education, F. H. Ball of the Pittsburg schools, the gentlemen were taken to the North Industrial school, where the exhibit of last year was still held in tact and could be inspected. Director Ball called in the boys of the school Wednesday afternoon purposely in order that the visiting party might see them at work. Director Ball together with Principal Johnson of the North Industrial school personally conducted the visitors throughout all the departments of the work and were most courteous and thoughtful of their guests in every particular. While it is not the purpose of these school boards to incorporate everything which they had the pleasure of seeing yesterday yet they were convinced that several lines of operations could be very easily adapted to the local schools.

After the inspection of this school the party visited the playgrounds at Thirty-ninth and Butler streets and those located in the Lawrenceville district. The superintendents in charge of these playgrounds kindly escorted the party throughout the various parts of amusement.

Backs Do Not From High Mighty Position—Elk Laws Safe

Harrisburg, June 27.—With passage of the public utilities bill by the senate yesterday and action by the senate this morning public utilities bill will be law, as it will be promptly signed by Governor Tener, who pleads measure to the people of the commonwealth. The new law will be a measure of regulating the public utilities commission, effective next January 1. It is the place of the present commission.

The state wide primary also agreed upon by both the senate and the house. The senate from some of its arbitrary amendments which was an amendment to prevent fusion and the form new parties, and the law in respect will remain the same. By the new law, a candidate, from governor and States senator down, will be elected by a direct vote of the people. The non-partisan ballot is amended so as to only include judicial and party lines. No apparent change is made on the labor bills. A man's hour bill is passed, which includes operatives in cannery laundries. The child labor is considered hopeless, as well as the farmer's compensation bill, in the amendment of organization.

With the decks being cleared, it is expected that the session will adjourn shortly today and thus will be the most tumultuous session in the state.

 ote their preference for candidates  
 for the presidency. That is, if the

This measure if it becomes a law,  
 will materially aid in the attainment  
 of better and more direct govern-

 the end.

## PICKED UP IN PASSING

If there is no financial or moral  
 depression during the next year  
 and I see no reason why there should  
 be," remarked a prominent contrac-  
 tor of the valley recently. "You'll see  
 re of the biggest and best in la-  
 borers that this country ever witnessed.  
 At least that is the way I hope it  
 out. The principal reason for the  
 shortage will be on account of a  
 great demand for labor in the Euro-  
 pean countries, which will not only  
 keep down immigration to this coun-  
 try, but will take thousands and thou-  
 sands back to their native land."

In the first place there is the an-  
 nexation of Tripoli by Italy, which  
 will have to a large extent the emi-  
 gration of the latter country. With  
 the administration of a better gov-  
 ernment in Tripoli by Italy big de-  
 velopments are bound to follow, and  
 our country will present opportuni-  
 ties to Italian immigrants which will  
 be eagerly accepted. Tripoli is not so  
 far away as this country and the emi-  
 grant can go and come more readily  
 and with less expense. Already many  
 of our best Italian are leaving this  
 country to go to Tripoli and thou-  
 sands who would otherwise come  
 here will be diverted to this new land  
 of promise.

"By next year the Balkan war will  
 probably be ended, and that section  
 will also present new possibilities for  
 development which will keep the la-  
 borers at home who would otherwise  
 come to this country. The ravages of  
 war must be repaired in all of the  
 countries involved, and the men  
 slain in battle and the sick and dis-  
 abled will have to be replaced. This  
 is no inconsiderable number. Then,  
 too, the country that will be wrested  
 from Turkey will be placed under a  
 more stable government, and this  
 will attract European capital. Rail-  
 road building and other developments  
 will be stimulated in the Turkish  
 concessions and the Balkan states,  
 which will give employment to thou-  
 sand of laborers at home.

"These are some of the signs that  
 point to a big shortage in labor here  
 In my judgment, a couple of years

hence will see this country looking  
 eagerly for the foreign laborer in-  
 stead of reviling him."

One of the managers of a downtown  
 firm had been called away on busi-  
 ness and had been gone longer  
 than expected, and his return was the  
 matter of some speculation with the  
 office force.  
 "M. ——— is not coming back  
 for a long time," said the steno-  
 grapher. "He can't use those two  
 fingers," she said, holding up the  
 first two digits of her right hand in  
 the air and waving. "That a small boy  
 makes the sign when he wants to go  
 a-swimming."  
 "Why can't he use them?" asked  
 one of the office force anxiously.  
 "Because they're mine," replied  
 the young lady demurely.

### ENGINEERS PLAY AT ELLSWORTH

Darkness prevented the finish of a hot game at Ellsworth Thursday evening between the Ellsworth team and a team of civil engineers from Charleroi. With two on for Ellsworth, but at last, the game was called in the ninth. At the time the score was a tie 3 to 3.  
Frank Buchanan was on the mucker for Charleroi and twirled good ball. McGregor did the catching. One of the features of the entire game was the batting of Don Allen. With two on in the first inning he hit out a three bagger up over an Ellsworth hill against a fence. The Ellsworth pitcher was given credit with 19 strikeouts, but there was something peculiar about them. The score:  
Engineers ..... 3 0 0 0 0 0 0 0 —  
Ellsworth ..... 0 0 0 0 0 0 3 0 —  
Batteries—Charleroi, Buchanan and McGregor; Ellsworth, Williams and Smith. Two base hits—McGregor and C. Jameson. Three-base hit—Allen. Struck out by Buchanan 6, by Williams 19.  
Special lot of Dorothy Dodd, E. P. Reed and Emerson oxfords for 98 cents at Newcomer's. 287-t1  
Miss Agnes Stevenson of Fayette county, teacher of Oliver school, is spending a part of her vacation with friends in Charleroi.

### NORTH CHARLEROI

Miss Garnette Fisher of Carroll township is visiting with Miss Maude Kibler.  
Miss Lela Daugherty of Uniontown is visiting friends here.  
Margaret Lundy and Margaret Comer of Allentown were guests of Mrs. Patrick Lee Wednesday.  
Mrs. Joseph Jenions was a Pitts- burgher.  
Narrowly Escapes Drowning.  
Merle Frost of the First National bank of Monacaheia narrowly escaped drowning Wednesday evening at the river near Fifth street Monacaheia, when he fell between two barges into the river. Mr. Frost with Percy Yohe and other friends was walking along the gunwale of one of the barges about 9 o'clock, when he lost his footing and fell between two barges. His friends came to his rescue. Owing to the space between the barges being very narrow it was with difficulty that he was lifted from the water.  
And this is only the third day of summer, officially. Considering the warmth of some of last week's "spring" days it seems to us there is something radically wrong with the calendar or the weather man.  
The fellow that lets his best girl make up his mind for him is cultivating a habit that is going to stand him in bad stead in later years, especially if he marries her.

### SOCIETY AND PERSONAL

See Newcomer's window on street for bargains. Sale by Mrs. L. W. Shey left today Pittsburg to be the guest of N. G. Gillespie of Fifth avenue, East End.

## Boys and Girls ATTENTION

Some of you have heard of the Pony Contest that is on at the present time and has been on for three weeks. Some of you got in on that contest at the start. Some of you felt that there would be no use trying to win such a pony as is offered. Some of you had not heard of it till you picked up this paper.

NOW FOR YOU ALL--To help those who did not start in at the beginning. To show that we appreciate the work done by those that did start, and to give a good substantial start to those who did not hear of it, NEXT SATURDAY MORNING BETWEEN 10 and 12 O'CLOCK AT THE MAIL OFFICE we will give each boy or girl who will agree to work on the Pony Contest ONE HUNDRED VOTES. Just come in and sign your name. Then get to work. Ask your uncle, aunt, mother, father, neighbors and friends to help you. It's going to be a great outfit, fine pony; just what you want, and a good buggy and harness.

When your friends buy ask them to buy and get tickets at the following places:

George S. Might, book store; Palace Theatre; George Wagner, ice cream; J. M. Fleming, plumbing; C. R. Newcomer, shoes; Pipers Pharmacy; Farmers Supply Co., harness and buggies; Frye Hardware Company; James Gelder, meat market; Eugene Fau, dry goods; S. L. Woodward, furniture; Greenberg Brothers, clothing; H. Porter, jewelry; M. Wein, tailor; Carl M. Wertz, printing.

## \$25.00 in Gold For A Name

The Moose Brewing Company, of Roscoe, is about to place on the market a new High Grade BOTTLE BEER, made from the choicest materials that can be obtained.

A name is wanted for this new product. They are offering a prize of \$25.00 in gold to the person who suggests a name for this new beer that will be acceptable to the company.

The contest will close on July 5th, 1913, and the name of the winner and the name selected will be published one week later.

Put on your thinking cap. No limit to number of replies. Any person can enter the contest. Only replies sent by mail will be considered. You may use the blank below or any other convenient piece of paper.

Write your name and address plainly as well as the name you select for the beer and send to Moose Brewing Co., Contest Department, Roscoe, Pa.

As a name for your New Bottle Beer I suggest:
